

# Proposal for Solar PV System

## Mr. A. Gupta

Customer ID	102XXX
Address	<i>Railway Road, Ghaziabad, UP</i>
Email ID	<i>abxxxxxx@gmail.com</i>
Phone No.	<i>+91-93507xxxxxx</i>
<i>Place of Installation</i>	<i>Rooftop</i>
Usage	<i>Residential</i>
Sanctioned Load	<i>06 kW</i>
Number of Phases	<i>Three</i>
Avg. Monthly Bill	<i>INR 8,000/-</i>

# Welcome to MYSUN

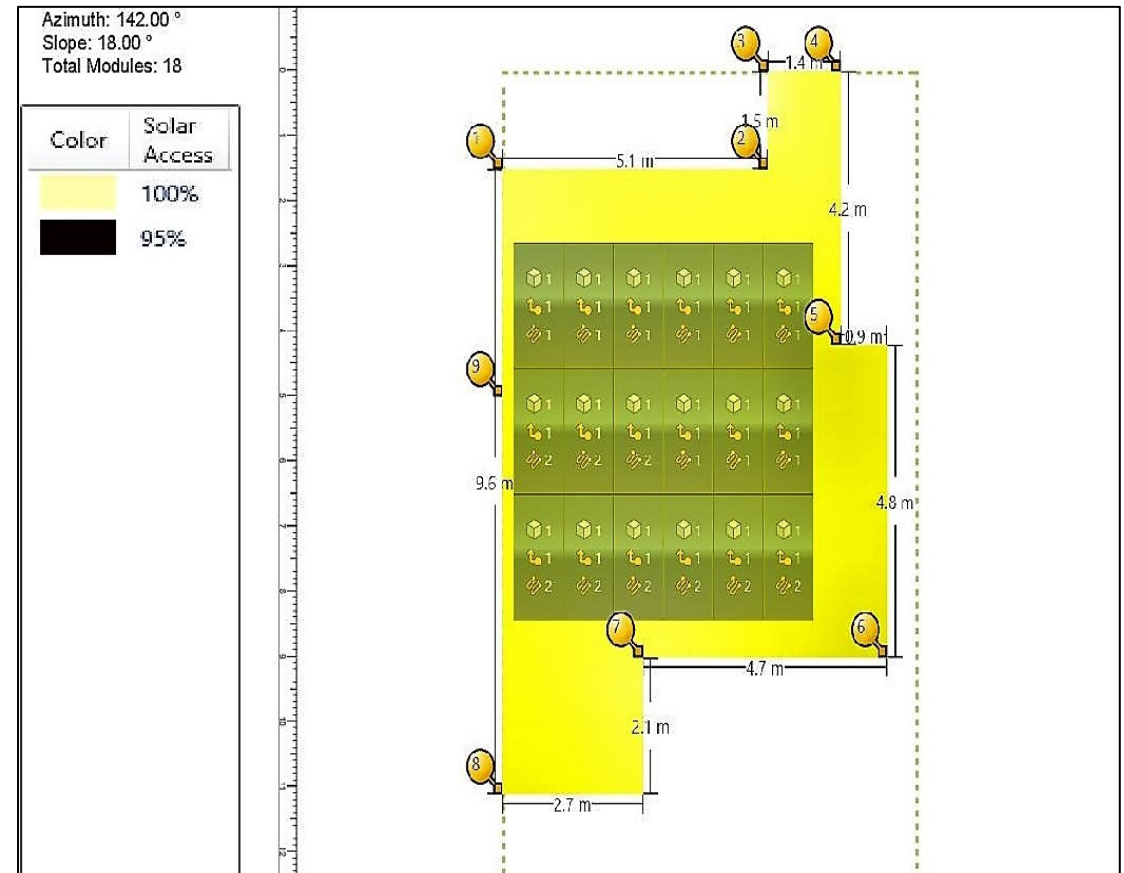

India's Largest Rooftop Solar Platform of its Kind

**To Solarize a  
Million  
Rooftops by  
2022**

# Your Proposal

- Based on your state net metering policy, space availability, technical parameters, and your average electricity bill, we recommend you to have a system of **5.76 kWp** on your roof.
- Panels will be installed using stacked elevated structure with a minimum roof clearance of **2.20m**.
- Panels have been mounted according to building orientation and a **tilt of 15 degree**.
- Finance options will provided as per your requirement.

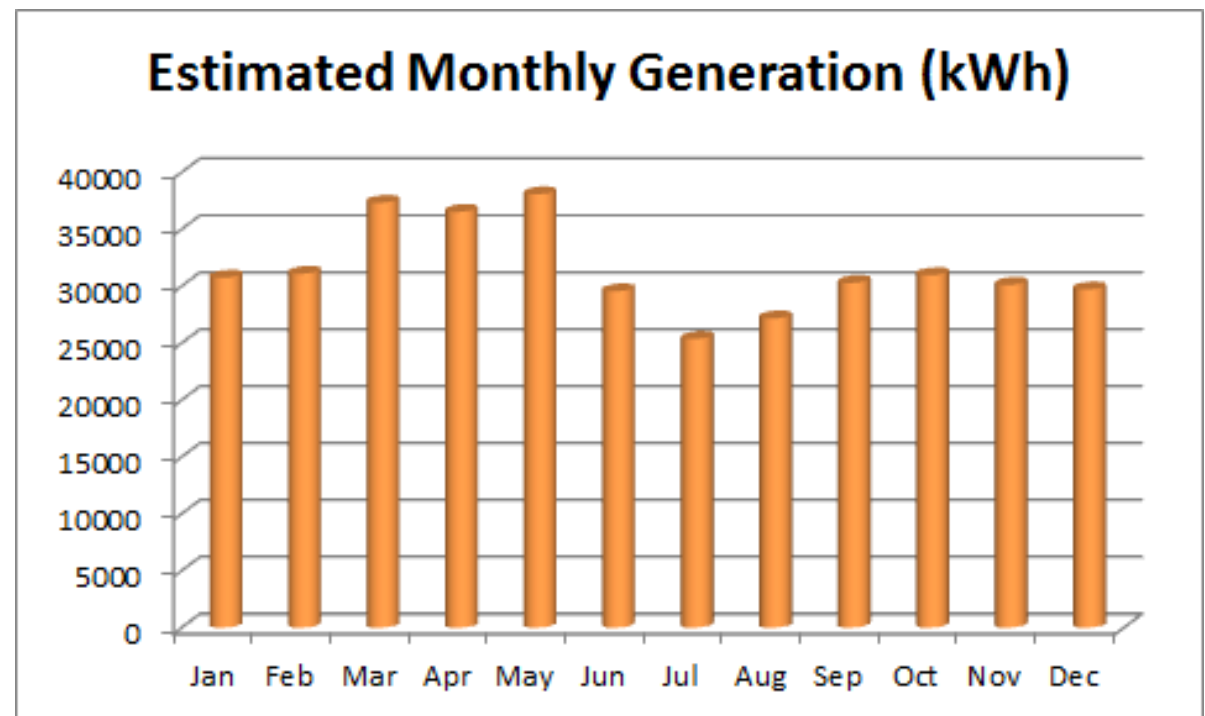

# System Size and Generation

**System Capacity:**  
5.76 kW

**Estimated Annual  
Generation:**  
9563 kWh

**Estimated  
Specific  
Generation:** 4.54  
(kWh/kWp/day)

- Expected generation per year will be in range of **910 units per month to 700 units** depending upon weather condition.
- Total generation in a year will be around **9,563 units**

# Your Savings & ROI

**System  
Cost (₹)**

**Lifetime  
Savings (₹)**

**Return On  
Investment**

50,000

**Current  
Bill**

30,000

**Bill With  
Solar**

**Saving per Month- 20,000**

**Payback Period- 6 years**

**Your Contribution  
to the Environment**

**30 Trees  
Added**

**2 Cars  
Off the Road**

# Price & Payment Terms

System Capacity  
5.76 kW

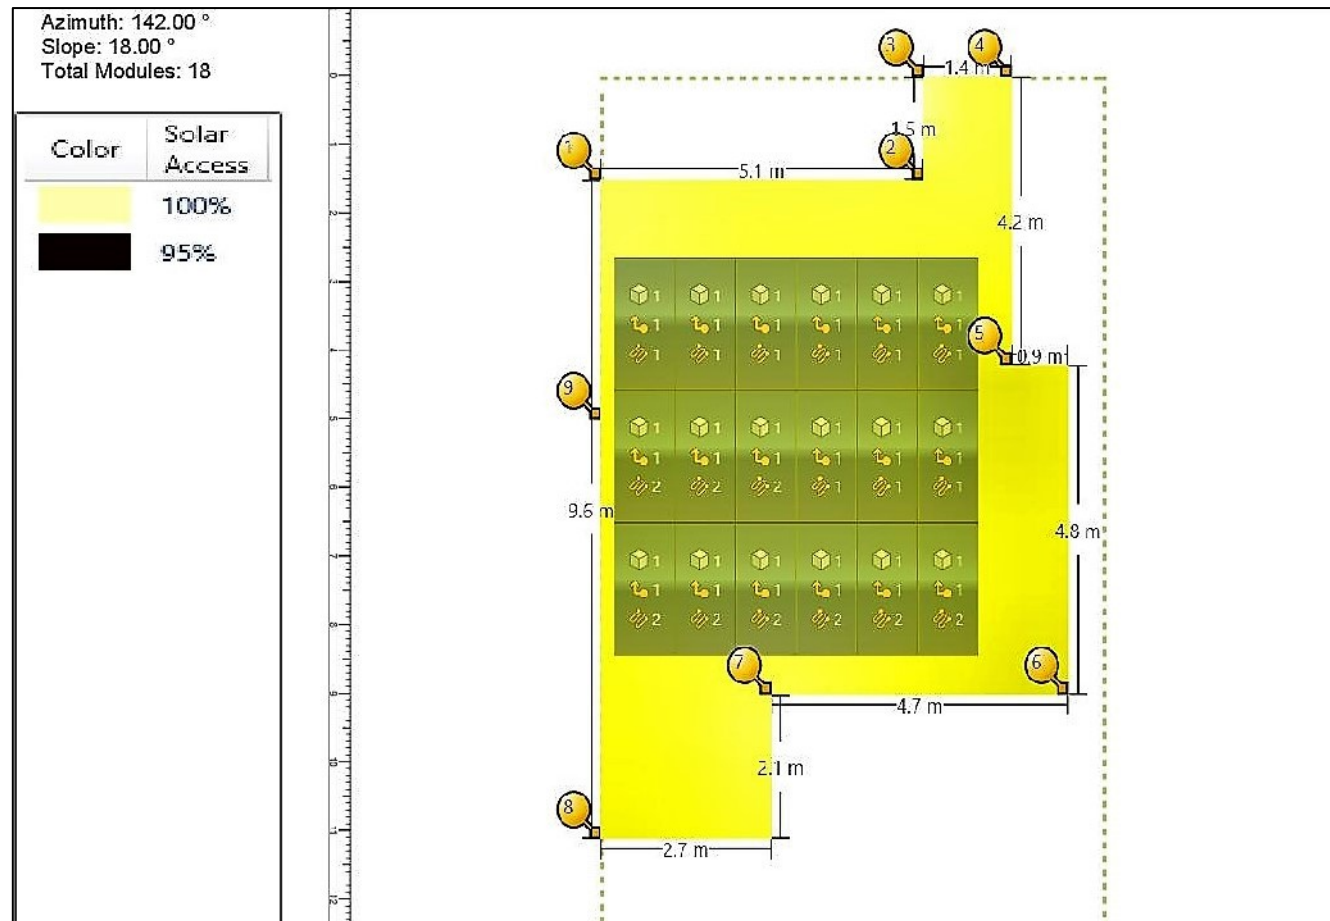

Market Price of  
System INR:  
XXXX

MYSUN  
Offer Price  
INR:  
YYYY

	Detail	% Value
Payment Terms	Advance	XX% of contract value
	On Material Dispatch	XX% of contract value
	Post Installation	XX% of contract value

- Price quoted above is as per current applicable taxes, any cost impact due to change in taxes shall be borne by Client. The price mentioned doesn't include the impact of GST
- Price quoted is valid for 15 days from date of offer
- Payment shall be made within 7 calendar days of issue of invoice
- Delivery and Installation within 4~6 weeks from Advance Payment

# Next Steps

**SITE  
SURVEY**

You sign up for the  
MYUSN Site Survey  
for the roof

**PROPOSAL**

Alongside the site  
survey report, a firm  
proposal with BOM  
is shared

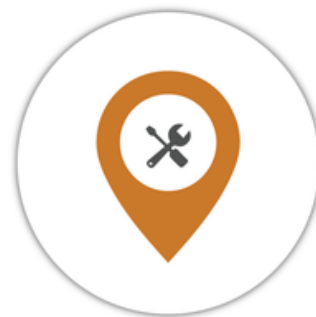

**CONTRACTING**

Post final  
negotiation you sign  
a contract with  
MYSUN

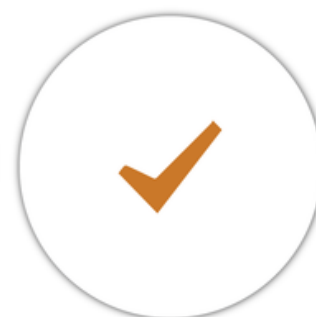

**FINAL  
DESIGN**

A final system  
design in the form of  
a sketch is shared

**INSTALLATION**

With your approval,  
the system is  
installed

**PERMITS &  
COMMISSIONING**

After  
commissioning, the  
plant is handed over
